-boosting, but after my ears adjusted to this dry, dusty and slightly sour performance by a very gi, Italian rock band, I ended up enjoying it. You know what I mean? It was great to hear a few songs performed with some-kind of emotion, even if it was a lot of "soggetti soli" (just a few songs alone). But I loved what they did here in Florence, and I was so hoping to hear them in the Summer Festival here in Venatoviana: not the newest songs (I know them) but some of the old ones, the ones everyone will know. But hey, this might be it, so enjoy this new unreleased track from Torino's choir. It's cool, btw. Tuesday, September 3, 2011 I must say I'm a little bit in love with the Holy Communion, after all these years. A while ago, I started to feel the need to keep closer to the faith, and I realized that there are some things that just fascinate me, even after I've seen the truth. I started to appreciate the simplicity of the Eucharist, and the inexpressiveness of the rosary, a thing that, maybe, requires more of a "thinking" mind to understand, after all. I still can't understand how you can meditate on the mysteries of the soul with a thing you can touch and interact with. But maybe the simplicity of the rosary is also the simplicity of faith. So, after all this time, I thought it's time to start a blog, and share the things I've learned in the past years, to help my brothers and sisters in Christ to realize their own faith a little more. There's a wonderful book, "The Simple Way of the Rosary", by Edward T. Dumont, but it's a bit old, and I can't find any good copy online. But today I'll share a few things I've come across on the net, which I believe are really good, and can help you in your understanding of the mysteries of the rosary. Anyway, I'm not very familiar with all the mysteries, and the facts might be a bit 82157476af
